

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses

Manufacture of plastic products, including compounding and conversion
Polymer preparations and compounds

1.3. Details of the supplier of the safety data sheet

Name:	KRAIBURG TPE GmbH & Co. KG Adress: Friedrich-Schmidt-Str. 2 D-84478 Waldkraiburg
Information contact:	+49 (8638) 9810 0
E-Mail (competent person):	regulatory@kraiburg-tpe.com

1.4. Emergency telephone number

Emergency advice	+49 (8638) 9810 0
	This number is only available at office times.

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 [CLP/GHS]

Additional hints

This mixture is not classified as hazardous according to Regulation (EC) 1272/2008 [GHS].

2.2. Label elements

Labelling according to Regulation (EC) No 1272/2008 [CLP/GHS]

Supplemental Hazard information (EU)

Health properties

EUH208 Contains Fragrance oil: May produce an allergic reaktion.

2.3. Other hazards

No information available.

SECTION 3: Composition/ information on ingredients

3.2. Mixtures

CAS No.	EG No	Name	[% weight]	Classification according to Regulation (EC) No 1272/2008 [CLP/GHS] (EG) Nr. 1272/2008 [CLP/GHS]
		Duftöl	0,5 – 1,5	Skin Irrit 2, H315 / Skin Sens 1, H317 / Eye Irrit 2, H319 / Aquatic Chronic 2, H411

The information given in the Safety Data Sheet only applies to the described product in connection with its appropriate use. All information is based on the latest state of our knowledge. In particular, it describes our product under the aspect of possible hazards and pertaining safety measures. The information does not constitute any guarantee of specific product and/or quality properties. The information given in this Safety Data Sheet is not required according to article 31 and Annex II of Regulation (EC) No. 1907/2006. It merely serves the purpose of providing sufficient information on a voluntary basis to ensure safe use of the compound/product. There is no obligation on the part of KRAIBURG TPE GmbH & Co. KG to revise this document.

SECTION 4: First aid measures

4.1. Description of first aid measures

General Information

In case of allergic reactions, especially at respiratory tract, seek medical treatment immediately.

In case of inhalation

Remove the casualty into fresh air and keep him immobile.
If intensive inhalation of dust seek medical treatment immediately.

In case of skin contact

In case of contact with skin wash off with soap and water.
Consult a doctor if skin irritation persists.

In case of eye contact

In case of contact with eyes rinse with plenty of water carefully. In the event of persistent symptoms seek medical treatment.

In case of ingestion

Turn a vomiting person lying on his back onto his side.
Refer to medical treatment.
Rinse out mouth thoroughly with water.

4.2. Most important symptoms and effects, both acute and delayed

No information available.

4.3. Indication of any immediate medical attention and special treatment needed Treatment (Advice to doctor)

Treat symptoms.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

Alcohol-resistant foam
Dry powder
Carbon dioxide
Water spray jet

Unsuitable extinguishing media

Full water jet

5.2. Special hazards arising from the substance or mixture

Nitrogen gases (NOx)
Carbon monoxide (CO)
Carbon dioxide (CO2)

5.3. Advice for firefighters

Special protective equipment for fire-fighters

Use breathing apparatus with independent air supply.

Additional information

Fire residues and contaminated firefighting water must be disposed of in accordance with the local regulations.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Ensure adequate ventilation.
Use personal protective clothing.
Use breathing apparatus if exposed to vapours/dust/aerosol.

6.2. Environmental precautions

Do not discharge into the drains/surface waters/groundwater.
Knock down dust with water spray jet.

6.3. Methods and material for containment and cleaning up

Avoid dust formation.
Flush away residues with water.
Take up mechanically and send for disposal.

6.4. Reference to other sections

Safe handling: see section 7
Disposal: see section 13
Personal protection equipment: see section 8

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Advice on safe handling

Avoid the formation and deposition of dust.
While handling with warm product suck off vapours.
Extraction in situ required.
Provide suitable extraction at the processing machines.

Advice on protection against fire and explosion

Pay attention to general rules of internal fire prevention.

7.2. Conditions for safe storage, including any incompatibilities

Requirements for storage rooms and vessels

Keep in closed original container.
Ventilate store-rooms thoroughly.

Advice on storage compatibility

Do not store with oxidizing agents.
Do not store together with animal feedstuffs.
Do not store together with food.
Do not store together with reducing agents.

Further information on storage conditions

Keep container tightly closed and store at cool and aired place.

Storage group 11

7.3. Specific end use(s)

Recommendation(s) for intended use

See section 1.2

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No information available

8.2. Exposure controls

Respiratory protection

In case of insufficient ventilation or long-term effect use breathing apparatus.
Particle-filtering half mask, filter P2

Hand protection

Chemical-resistant gloves

Eye protection

Tightly fitting goggles

Other protection measures

Protective clothing

General protective measures

Avoid contact of molten material with skin.
Do not inhale gases/vapours/aerosols.

Hygiene measures

At work do not eat, drink and smoke.
Keep away from food and drink.
Wash hands and skin before breaks and after work.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Aggregate state:	solid
Appearance:	granules
Odour:	characteristic
Odour threshold:	not determined
Colour:	various, depending on coloration
pH value:	not applicable
Acid number:	not applicable
Boiling temperature/boiling range:	not determined
Melting point:	> 120°C
Flash point:	no flash point below 200°C
Flammable (solid):	not determined
Flammable (gas):	not applicable
Ignition temperature:	not determined
Self-Ignition temperature:	The product is not selfigniting
Lower explosion limit:	not determined
Upper explosion limit:	not determined
Vapour pressure:	not applicable
Relative density:	0,9 – 1,5 g/cm³
Bulk density:	0,45 – 0,7 g/cm³
Vapour density:	not applicable
Solubility in water:	insoluble

The information given in the Safety Data Sheet only applies to the described product in connection with its appropriate use. All information is based on the latest state of our knowledge. In particular, it describes our product under the aspect of possible hazards and pertaining safety measures. The information does not constitute any guarantee of specific product and/or quality properties. The information given in this Safety Data Sheet is not required according to article 31 and Annex II of Regulation (EC) No. 1907/2006. It merely serves the purpose of providing sufficient information on a voluntary basis to ensure safe use of the compound/product. There is no obligation on the part of KRAIBURG TPE GmbH & Co. KG to revise this document.

Solubility / other:	not determined
Partition coefficient n-octanol / water (log P O/W):	not determined
Viscosity:	not applicable

Oxidizing properties

No information available.

Explosive properties:

No information available.

9.2. Other information

No information available.

SECTION 10: Stability and reactivity

10.1. Reactivity

No information available.

10.2. Chemical stability

Stable

10.3. Possibility of hazardous reactions

No hazardous reactions with proper storage and handling

10.4. Conditions to avoid

Reactions with oxidizing agents.

Reactions with reducing agents.

10.5. Incompatible materials

Substances to avoid

Reactions with strong oxidizing agents.

Reactions with reducing agents.

10.6. Hazardous decomposition products

Carbon monoxide and carbon dioxide.

Nitrous oxides (NOx)

Toxic gases/vapours

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity/Irritation/Sensitization

LD50 acute oral

No data available

LD50 acute dermal

No data available

LC50 acute inhalation

No data available

Skin irritation

No data available

The information given in the Safety Data Sheet only applies to the described product in connection with its appropriate use. All information is based on the latest state of our knowledge. In particular, it describes our product under the aspect of possible hazards and pertaining safety measures. The information does not constitute any guarantee of specific product and/or quality properties. The information given in this Safety Data Sheet is not required according to article 31 and Annex II of Regulation (EC) No. 1907/2006. It merely serves the purpose of providing sufficient information on a voluntary basis to ensure safe use of the compound/product. There is no obligation on the part of KRAIBURG TPE GmbH & Co. KG to revise this document.

Eye irritation

No data available

Skin sensitization

Sensitization possible

Sensitization respiratory system

No data available

Subacute toxicity – Carcinogenicity

Mutagenicity

No data available

Reproduction-toxicity

No data available

Carcinogenicity

No data available

SECTION 12: Ecological information

12.1. Toxicity

Ecotoxicological effects

Fish

The product has not been tested. Because of the product's consistency and lack of solubility in water bioavailability is not likely.

Daphnia

The product has not been tested. Because of the product's consistency and lack of solubility in water bioavailability is not likely.

Algae

The product has not been tested. Because of the product's consistency and lack of solubility in water bioavailability is not likely.

Bacteria

The product has not been tested. Because of the product's consistency and lack of solubility in water bioavailability is not likely.

12.2. Persistence and degradability

Physicochemical degradability

The product is slightly soluble in water. It can be largely eliminated from the water by abiotic processes, e.g. mechanical separation.

Biological degradability

The product is slightly soluble in water. It can be largely eliminated from the water by abiotic processes, e.g. mechanical separation.

Degradability

The product is slightly soluble in water. It can be largely eliminated from the water by abiotic processes, e.g. mechanical separation.

Biological eliminability

The product is slightly soluble in water. It can be largely eliminated from the water by abiotic processes, e.g. mechanical separation.

12.3. Bioaccumulative potential

The product has not been tested. Because of the product's consistency and low solubility in water bioavailability is not likely.

The information given in the Safety Data Sheet only applies to the described product in connection with its appropriate use. All information is based on the latest state of our knowledge. In particular, it describes our product under the aspect of possible hazards and pertaining safety measures. The information does not constitute any guarantee of specific product and/or quality properties. The information given in this Safety Data Sheet is not required according to article 31 and Annex II of Regulation (EC) No. 1907/2006. It merely serves the purpose of providing sufficient information on a voluntary basis to ensure safe use of the compound/product. There is no obligation on the part of KRAIBURG TPE GmbH & Co. KG to revise this document.

12.4. Mobility in soil

No information available.

12.5. Results of PBT and vPvB assessment

This substance does not meet the PBT/vPvB criteria of REACH, annex XIII.

12.6. Other adverse effects

No information available.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Recommendations for the product

Remove in accordance with local official regulations.

Recommendations for packaging

Contaminated packaging should be emptied as far as possible and after appropriate cleansing may be taken for reuse.

SECTION 14: Transport information

Land and inland navigation transport ADR/RID

No dangerous goods as defined by these transport regulations.

Marine transport IMDG

No dangerous goods as defined by these transport regulations.

Air transport ICAO/IATA-DGR

No dangerous goods as defined by these transport regulations.

Special precautions for user

No information available.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Other regulations (EU)

All ingredients of the mixture correspond to the currently applicable provisions of the REACH Regulations.

Note Regulation (EU) 1272/2008 (GHS/CLP)

National regulations

Restriction of occupation

Observe employment restrictions for young people.

Observe employment restrictions for mothers-to-be and nursing mothers.

Other regulations, restrictions and prohibition regulations

UVV "Work machines of the chemical industry, rubber and plastic industry" (VBG 22)

Decree for case of interference/remarks Accident decree, addendum II: not named.

15.2. Chemical Safety Assessment

No information available.

SECTION 16: Other information

Recommended uses and restrictions

National and local regulations concerning chemicals shall be observed.

Further information

The information contained herein is based on the state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.

- H315 Causes skin irritation.
- H317 May cause an allergic skin reaction.
- H319 Causes serious eye irritation.
- H411 Toxic to aquatic life with long lasting effects.

Further information

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.

(The data for the hazardous ingredients were taken respectively from the last version of the sub-contractor's safety data sheet.)
